EDUCATION

Indian Institute of Information Technology, Bhopal

September 2023 - June 2027

Bachelor of Technology in Information Technology (IT)

CGPA: 8.95

Relevant Coursework: **Data Structures and Algorithms, Object-Oriented Programming**

WORK EXPERIENCE

Indian Institute of Information Technology

Onsite: Bhopal

Academic Teaching Assistant

June 2024 – Dec 2024

- Assisted faculty members in delivering lectures and facilitating classroom discussions for classes of 100+ students, ensuring effective student engagement and comprehension
- Tutored students on complex topics, improving comprehension and academic outcomes through focused guidance.

ACADEMIC PROJECTS

Ecom-project | Springboot, PostAPI, MySQL, React

[Github](#)

- Implemented an **interactive, database-driven product submission form**, enabling **real-time addition and display** of new products on the platform with **100% backend integration**.
- Connected backend and frontend components via RESTful APIs, improving load efficiency and responsiveness by **30%**.
- Built functionality for users to add products to a **shopping cart** directly from the main page.
- Focused on product management, real-time content rendering, and shopping cart integration to create a seamless user experience.

Newzbro | Springboot, PostAPI, MySQL, React, News API

[Link](#) | [Github](#)

- Developed a secure news headlines platform using JWT-based authentication to provide users with personalized access to **20+ real-time news articles** per session along with their saved notes.
- Designed and integrated a **scalable note-taking feature**, allowing users to save, view, and manage personal notes of 100+ words alongside curated headlines for enhanced context and personalized news tracking.
- Optimized **RESTful APIs** for seamless communication between frontend and backend, ensuring robust data handling, including fetching personalized headlines and user-specific notes.

ACTIVITIES

- 3-Star** rated on **CodeChef** and **Pupil** on **Codeforces** with a peak rating of **1310**.
- Knight** on **LeetCode** with a maximum rating of **1857**, having solved over **400** problems on the platform.
- CODAME** -Executive at CODAME Club, managing and coordinating activities for a community of 500 students to ensure smooth execution of events and initiatives.

ACHIEVEMENTS

- Ranked among the **top 2,000** students and awarded the prestigious Technology Fellowship by **AlgoUniversity in 2024**.
- Completed [JP Morgan Chase & Co. Software Engineering Job Simulation](#) through Forage.
- Participated in 2 internal hackathons, building functional prototypes under tight deadlines with effective team collaboration..

SKILLS

- Language:** Java , C, html , C++, CSS, JavaScript
- Technology:** Springboot, Spring, React, MySql, Bootstrap, PostAPI, Docker.
- Developer Tools:** Git, VS Code, IntelliJ
- Soft Skills:** Teamwork, Public Speaking
